Mission

Dorcas Centre is a non-profit Christian faith-based community centre under the Rhenish Church of Canada Lutheran Church, dedicated to serve our community as our mission is to "serve the community and transform lives."

Goal

By organizing various events and activities, our goal is to inspire individuals and families to enjoy healthy activities, build stronger family relations and promote a healthier community bond.

People from different walks of life are welcome as we are called to touch life with the love shown by Jesus. Come and see and be blessed! May each one of the comer feel the genuine caring and deep relationship.
